Are You a Veteran?

Attend this FREE Event

The Virginia Wounded Warrior Program is designed to ensure support and services for veterans and family members. Daphne Eaton a Resource Specialist will be available to provide you with an overview of services provided and ways to assist as it relates to benefits, housing, jobs, education and more. Special emphasis is given to those affected by stress related and traumatic brain in juries resulting from service in combat areas. Learn what this program can do for you.

Stephanie Ulmer, VA CapTel Outreach Coordinator will be a Guest Speaker and available to provide you with an overview of programs available to reduce the communication barriers between persons who are deaf or hard of hearing and their families and the professionals who serve them. Under a new program from the Virginia Department for the Deaf and Hard of Hearing, qualified Veterans can receive relay services and adaptive telecommunication devices that help you stay connected to your family, friends, and the community around you.

Hampton, VA Medical Center's Rural Health Initiative (RHI) primary goal is to ensure that Veterans in rural areas receive the heath care and benefits they may qualify for based on their military service. Carvin Harmon, LMSW, will educate attendees on how to obtain increased access to health care, web based services and outreach programs, RHI's mission is to provide benefits information, access to enrollment and health education to Veterans in rural and highly rural areas.
