Revised 11/2017
Virginia Veteran and Family Support (VVFS) provides outreach, connection and support to veterans and their families as they address the challenges of military service, transition, deployments, PTS and behavioral health concerns, physical and traumatic brain injuries. Referral and connection services are coordinated with community services boards, brain injury service providers, VA medical facilities and other public and private agencies. Additionally, VVFS provides direct support via personalized care coordination, peer to peer mentoring, caregiver skill building and support groups.

Housing and Homeless Services

VVFS is committed to serving our most vulnerable veterans including unstably housed or homeless veterans in a direct services capacity and through statewide advocacy and resource coordination. The housing development team is available to assist homeless and housing service providers to reach and serve veterans.

Justice Involved Services

The VVFS Justice Involved Services (JIS) program offers support to veterans and service members involved in the criminal justice system. The program provides direct services to justice-involved veterans and service members interfacing with courts and diversion/veteran docket programs, during incarceration in jails and prisons, and upon re-entry to the community. A Veteran Justice Specialist identifies needs, develops a coordinated services plan, and connects the veteran/service member to community resources.
