Introduction to GI Bill for Apprenticeship & OJT

How does apprenticeship or OJT relate to the GI Bill?

Veterans are in the driver's seat when using their GI Bill® benefits. Veterans who have existing benefits under the GI Bill®, including the Post-9/11 GI Bill®, who are in approved apprenticeships, may qualify for:

- A monthly stipend in addition to wages, to help meet expenses during their apprenticeship; and
- Up to 12 months of retroactive GI Bill® benefits

For Registered Apprenticeship sponsors, your program is qualified to be **"Approved for the GI Bill®", even without a current veteran employee.**

This handbook applies to Registered Apprenticeship, non-registered and OJT programs. Contact your SAA office for additional information on types of programs.

Apprenticeship and OJT programs allow individuals to learn a trade or skill through structured training provided primarily on the job rather than attending traditional college. After formal training for a specified period, the individual gains job certification or journey worker status.

APPRENTICESHIP TRAINING – Training given while on the job (80-90%) and in the classroom (10-20%) by a sponsor who has been registered by the U.S. Department of Labor (DOL) Office of Apprenticeship to offer the progressive attainment of manual, mechanical or technical skills & knowledge in accordance with industry standards for an occupation that meets apprenticeable criteria. Average length of Apprenticeship training is four years.

OJT (ON-THE-JOB TRAINING) - Training given while on the job by an employer who agrees to retain the trainee in employment may be considered a program of education for VA benefits. The structured training must be six months to two years in duration.

Apprenticeship and OJT also include a reduced starting wage that is gradually increased commensurate with skill/ability attainment during training.

Veterans in an approved program can use receive their GI Bill® educational benefit (a tax-free stipend) during the training. Veterans can find benefit information at www.gibill.va.gov.

Who is generally eligible?

The GI Bill® is for any veteran who has established eligibility under Chapter 30, Chapter 32 – Section 903, Chapter 33, Chapter 1606, or Chapter 1607 and any spouse or child who is eligible under Chapter 35 benefits. The benefit is generally not available to a veteran with no active duty in the past 10 years or a person on active duty. **Only the VA can determine specific eligibility.**

How do I become approved as GI Bill Training Facility?

1. **Develop your training program.** See page 22 for program requirements and criteria.
2. **Identify your veterans.** An application to become a GI Bill® Training Facility will not receive initial approval unless a veteran or eligible person is actively enrolling in your training, with the exception of a DOL Registered Apprentice site, which can be approved regardless if there is currently a veteran enrolled for training.
3. **Apply for program approval.** Submit a full application to your SAA, which is comprised of the following (forms are available from your SAA):
 - **VA Form 22-8865** Application To Provide Job Training (see page 13)
 - **VA Form 22-8794** Designation of Certifying Official (see page 14)
 - **Sponsor's Apprenticeship Standards**, as approved by US DOL, or **Employer's Training Outline**, specifying skills and tasks to be taught over the program length.
 - **Onsite Program Evaluation:**
 - **Registered Apprenticeship programs are pre-approved** for the requirements of the GI Bill® and do not require an onsite program evaluation.
 - **OJT and non-registered programs must be evaluated** by the SAA, who makes an onsite visit to review or provide technical assistance in development of the training outline and determine if sufficient staff resources, equipment and capacity exist to train the veteran. The OJT program must meet criteria outlined in the application. Approval is not granted in occupations requiring a relatively short period of experience for a trainee to obtain and hold employment at the market wage or jobs where on-the-job training is not the normal way of procuring personnel.
4. **Receive written approval notice** from the Virginia State Approving Agency, which establishes your GI Bill® facility number.
5. **Begin enrolling vets** and marketing your training program as "Approved for the GI Bill®".
 - **Completed enrollment packet for each veteran electing to enroll**, consisting of:
 - VA Form 22-1999 (Side B) VA Enrollment Certification (see page 16)
 - Copy of the Veteran's Certificate of Eligibility (from the veteran)
 - Copy of the signed apprentice contract or signed OJT training agreement

How Do I Use the "Approved for the GI Bill®" trademark?

Upon approval, you can advertise job openings that the positions are "**Approved for the GI Bill®**" to inform Veterans about their eligibility for benefits as an apprentice with your organization. Please also include the trademark disclaimer "GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <http://www.benefits.va.gov/gibill>."

What's the Benefit to Hiring Veterans?

Many employers want to help veterans for patriotic and civic reasons, especially those veterans who have returned from active duty. Hiring a veteran is also a wise business decision:

- **Holding Power:** GI Bill® benefits help offset your veteran's cost of accepting a training position with you when returning to civilian employment, building loyalty and retention.

- **Recruitment Tool:** An employer or sponsor who is "Approved for the GI Bill®" can use this status as a recruiting tool by using wages + stipend to attract quality Veteran candidates.
- **Maturity and Experience:** When you hire a veteran, you are likely getting an employee who has maturity born of experience and discipline instilled by military service.
- **An Employee Who Plans for the Future:** Today's GI Bill® benefits are available because the veteran elected to have a portion of monthly wage deducted from the first year's military pay. Your eligible veteran planned for the future by choosing to participate in the GI Bill®.
- **Prior Training:** Your veteran employee likely has solid communication skills, good work habits and a "take charge" attitude – high demand attributes in today's workforce.
- **Sought-after Traits:** What other traits are typically instilled during military training? Leadership. Teamwork. Respect for authority and procedures. Determination. Confidence.

EMPLOYERS GUIDE TO RECORDKEEPING

Once your facility has been approved as a GI Bill® Training Facility, you can certify eligible veterans in GI Bill® education benefits for your approved training program(s). This guide will help you maintain your approval as GI Bill® Training Facility and carry out these tasks:

1	2	3	4	5	6	7
Designate Certifying Official(s)	Maintain Quality Training	Enroll Vets In Your Training	Certify Monthly Training Hrs.	Report Training Changes	Maintain Training Records	Participate in Compliance Visits

1. Designate Certifying Official(s)

As part of the approval process, you must designate one or more person(s) as the Certifying Official(s) who will be the liaison between your training facility, SAA and the VA.

- Only an authorized Certifying Official may sign, and thus certify, GI Bill® paperwork to verify a veteran's enrollment, monthly work/training hours, change in status, and any other circumstances that affect the amount or duration of GI Bill® educational benefits.
- The Certifying Official must have access to the training file, including payroll records.
- The Designating Official must also be listed as a Certifying Official to sign GI Bill® paperwork.
- The facility must complete a Memorandum of Understanding to submit electronic certifications to the VA: https://www.benefits.va.gov/GIBILL/resources/education_resources/mou.html
- Any changes in Certifying Official(s) must be entered on VA Form 22-8794 (page 14) and submitted to your SAA for processing.
- Must complete VA's annual training by July 31st of each year (if you have 20 or more trainees per year)

The VA's official record of your currently approved Certifying Official(s) and training program(s) can be viewed at any time, online through WEAMS: <http://inquiry.vba.va.gov/weamspub>

2. Maintain a Quality Training Program

A GI Bill® Training Facility must provide training outlined in the training agreement. This includes having adequate space, equipment, instructional material, and qualified personnel to provide satisfactory training. For apprenticeship programs, the sponsor must adhere to the established Apprenticeship Standards and the Apprentice Contract(s). For OJT, the employer must adhere to the established OJT Training Outline and OJT Agreement(s). Remember that a veteran has chosen to use GI Bill® education benefits within your training program in lieu of college or other options.

The Certifying Official does not counsel on GI Bill eligibility or selection of benefits (e.g., which Chapter). If the veteran desires assistance, the VA provides eligibility assistance and a benefits comparison tool at www.gibill.va.gov and phone assistance at (888) 442-4551.

3. Enroll Eligible Veteran in Your Training Program

Your SAA can provide guidance to you and the veterans in this process.

A. **ELIGIBILITY** - Before a veteran can be enrolled in your approved training program, the veteran **must provide you with a Certificate of Eligibility (COE)** from VA.

- If the veteran **has applied for benefits**, the veteran provides you a copy of the COE for the employee file. Then, proceed to 3.B., below.
- If the veteran **has not applied for benefits**, direct the veteran to apply online using VA's VONAPP website www.vabenefits.vba.va.gov to secure a COE.
- Get a copy of the COE from the veteran. Proceed to 3.B., below.
- Use of VONAPP online application by the veteran is strongly encouraged.
- If the veteran is not able to use VONAPP, a manual application form can be downloaded at www.va.gov/vaforms or requested from the SAA. See page 10 for instructions on the manual process a veteran might use to apply to VA.
- Retain a copy of the application form in the employee folder until the veteran provides the COE from the VA.

B. **ENROLLMENT** - When you have obtained the veteran's COE you can proceed with enrollment. The Certifying Official will:

- Ensure that the veteran has received a copy of the Apprentice Contract or OJT Agreement.
- Complete VA Form 22-1999 Enrollment Certification, which can be obtained from your SAA. **This is a controlled form and should not be given to the veteran.** See page 16 for instructions and a sample form. Note that Side A is not completed for Apprenticeship or OJT. This is a printable or fillable PDF form for ease of use.
- The 22-1999 should include any monthly hours that have already been worked by the veteran, per the form instructions, in item 11. Remarks. If hours are included, have the veteran sign or initial the hours, as entered.
- Submit your completed VA Form 22-1999 electronically thru VA-Once and email the Training Agreement via Submit a Question. Do not send this form directly to the SAA. Instructions for "Submit a Question" is located on page

- ✓ You may only submit one enrollment packet per Submit a Question (includes Training Agreement and VA Form 22-1999) at one time.
- ✓ It is not advisable to enroll a vet who has not provided a Certificate of Eligibility, but you may.
- ✓ Keep a copy of all training forms and correspondence in the employee file.

C. **APPROVAL** - When the VA approves the enrollment, the veteran will receive written confirmation from VA, along with a VA Form 22-6553d-1 Monthly Hours Worked (see page 18) used by the Certifying Official to report training hours to VA so that a benefit check can be issued to the veteran. Note that, if the submitted enrollment form 22-1999 reported hours already worked, the approval will likely also include the first benefit check - for those hours.

4. Certify Monthly Training Hours

To receive a full monthly payment, the veteran must work **at least 116 hours in the month**. The veteran's monthly benefit, which differs from veteran to veteran based on eligibility, will be reduced proportionately if the veteran works less than 116 hours a month. GI Bill® benefits are based on the monthly hours submitted by the Certifying Official, up to the maximum number of approved training hours on the Apprentice Contract or Training Agreement, less any credit granted. Thus, monthly hours must be verified by the Certifying Official as being hours worked in accordance with successful performance of the training agreement.

1. Certify Monthly Hours on Form 22-6553d-1

Usually once a month, VA sends veteran the Monthly Certification of Hours (VA Form 22-6553d).

- The form must be completed on or after the last work day of the month and signed by the veteran, then given to the Certifying Official for verification and signature.
- Vacation and other paid leave hours do not count as work hours and must not be included.
- Paid related instruction hours are counted if instruction occurs during work hours.
- Unpaid related instruction hours are not counted as work hours.
- **Once signed by the Certifying Official, the form becomes a controlled form that must not be given to the veteran.**

If the trainee does not receive the VA Form 22-6553d-1 from the VA by the end of the month, the veteran should request the certifying official to submit verification of hours worked on company letterhead. * The SAA office can provide an electronic sample copy of the form. The certifying official must sign the letter verifying number of hours worked. The facility's VA Facility Code must be shown on the letter, along with the veteran's social security number.

2. Fax Certified Monthly Hours to VA (After Enrollment has been processed and awarded)

- The Certifying Official faxes the completed form to the Appropriate VA REGIONAL PROCESSING OFFICE Regional Processing Office, where it will be processed and the veteran's monthly check will be sent or directly deposited to the veteran's bank account. A copy is retained in the employee file.
- Monthly hours should be **faxed to the appropriate VA REGIONAL PROCESSING OFFICE (see page 24 for fax number)**.
- A copy of each VA Form 22-6553d-1 or letterhead must be maintained in the veteran's file.

5. Report Changes in Training Program

If there are changes to the training program, the Certifying Official must notify the SAA who will determine if the program continues to meet approval criteria.

Change in Certifying Official

Submit VA Form 22-8794 to your SAA. Notify your SAA of changes in Certifying Official using VA Form 22-8794 to report changes in personnel, contacts or company address. The 22-8794 should always list all authorized Certifying Officials, even those already approved. In addition, the Designating Official must also be listed as a Certifying Official in order to sign GI Bill® paperwork.

Change in Wage Schedule, Journeyman Wage Rate, or Training Content

Notify the SAA in writing (mail, fax or email) of changes in the training program, including changes in stated wage schedule, journey worker rate, or training structure. Notify the SAA if you wish to add new occupations within your training program, or if you no longer train in one or more approved occupations. The SAA will work closely with you and/or your training coordinator on reporting each of these training program changes to the ELR in Roanoke, Virginia.

Call to Military Service, Interruption due to Furlough, etc.

Notify your SAA immediately. For apprenticeship, the contract may remain active in the USDOL RAPIDS system, but may be terminated for VA educational benefits. When the training of a GI Bill® enrollee is interrupted due to call to active duty, or other leave of absence, the Certifying Official ensures educational benefits are properly stopped.

Submit VA Form 22-1999b to the VA REGIONAL PROCESSING OFFICE.

- Certifying Official completes VA form **22-1999b Notice of Change in Status**, retains copy in employee file, then faxes or mails completed form to the VA REGIONAL PROCESSING OFFICE in Appropriate VA REGIONAL PROCESSING OFFICE.

Return from Active Duty

Submit VA Form 22-1999 to the VA. When active duty tour is completed and veteran returns to the same employment in an unfinished training program with you, GI Bill® enrollment can resume.

- Upon notice of a return to a training program, the Certifying Official completes VA enrollment form **22-1999**, retains a copy, then faxes or mails to the SAA. If the 22-1999 includes hours worked, have the veteran sign or initial it.
- Dates & Credit:
- Box 7: Enter the number of contract training hours (or months) that the veteran has already completed for this training contract or agreement.
- Box 10A start date is the date on which the veteran physically returned to work within the training contract or agreement.
- Box 10A end date is the date on which the veteran is now expected to complete the training program. This is projected based on the term (e.g., 8,000 hours) less the hours of credit multiplied by a standard year (e.g., 2080 hours). Your SAA can assist you with this determination.

Completion or Cancellation of Contract or Agreement

When a training agreement or contract has been completed or cancelled, the Certifying Official must ensure that educational benefits are properly stopped:

- The VA must be notified immediately with the date of completion or request for cancellation and any related information regarding the contract fulfillment.
- The sponsor (employer) will complete VA form **22-1999b Notice of Change in Status**. This form is signed by the certifying official and forwarded directly to the VA by the sponsor, using the termination date stated in the official notice. A copy must be kept in the employee's file, with original faxed or mailed to the VA REGIONAL PROCESSING OFFICE.

6. Maintain Proper Training Records

The GI Bill® Training Facility's Certifying Official must maintain records that allow VA and SAA to confirm that training provided meets GI Bill® requirements and that benefits were properly paid:

- A copy of the training file, including Apprentice Contract or OJT Agreement, and
- Hours worked (not including vacation or sick) each month and official wage records, and
- Work and training evaluations, including grades from related instruction, and
- A copy of all GI Bill® -related forms and letters, including the VA Certificate of Eligibility.
- All veteran records **must be retained for at least three years** following the veteran's completion or cancellation of the training program.

The Certifying Official will ensure that any forms sent to the SAA office or the VA will **contain the veteran's claim number/SSN**, which is the control number used by the VA to pay benefits.

7. Participate in Compliance Visits

The State Approving Agency (SAA), and/or the U.S. Department of Veterans Affairs (VA) will periodically visit the sponsor to monitor the records of the apprentices/trainees to ensure that GI Bill® benefits are being properly paid. This visit generally occurs annually and is designed to provide technical assistance and ensure that GI Bill® benefits were paid properly.

Required records are subject to onsite inspection by authorized representatives of the Dept. of Veteran Affairs (VA) and the SAA. A standardized form is used to guide the compliance visit and is provided to the Training Facility. The following program components will be reviewed:

- Training progress, wages and hours worked are being maintained for the veteran. Official payroll records or check stubs to reflect the actual wage paid must be available for review.
- The employee file contains a current training contract or agreement for the veteran.
- Related instruction being provided to the veteran is documented by progress reports.
- Records are on file to support any credit for prior training or experience awarded, and documentation is available to confirm the VA was properly notified of the credit.
- Copies of VA forms and correspondence have been properly submitted and are on file.

What kinds of records will be reviewed?

- Timecards / Payroll Records / Time & Leave Records / Employer Records, so that the person conducting the compliance survey can verify:
- That the begin date certified was the actual first date of training.
- That the hours certified to VA each month match the payroll or time/leave records of the employee's hours worked. Hours certified must not include vacation, medical leave, layoffs or other paid leave. Hours certified could include paid related instruction hours.
- That wages paid during the training meet the contract/agreement requirements.
- Training Progress Records so that the person conducting the survey can verify:
- Actual progress toward the training objective, which is journey worker status.
- That a progress record is maintained and is current.
- That the individual is being properly training as specified in the contract, in both training areas: on-the-job and related instruction.
- Employment application and/or apprenticeship application (if used and mandatory),

- Proof of Related Instruction participation
- Apprentice Contract or OJT Agreement
- Copies of all VA forms, including 1999 Enrollment and 22-6553d Monthly Certifications

VA Compliance Survey Notice (Sample)

A compliance review will be conducted onsite or remotely on a schedule of approximately once every three years. The review will be conducted by your SAA or by a representative from the US Department of Veterans Affairs. You will be notified by letter, approximately one month prior to the review. A follow-up call will allow for scheduling adjustments.

July 30, 2013

JOE JONES, PRESIDENT
ACME INC.
123 ANYWHERE LANE
ACITY, WY 55555

Dear Joe Jones, President:

Thank you for scheduling time to meet with me on August 15, 2013 at 10:00 AM so that I can conduct a GI Bill Educational Benefits Compliance Review of training records relating to your registered veteran apprentice, Mary Main. This review will cover the time period of certified GI Bill training enrollment from July 29, 2010 through October 11, 2012.

I anticipate this compliance review will take 2 to 3 hours.

As we discussed, certain records will need to be available to me at the time of the review, along with sufficient space to review the records comfortably. These records include:

- 1 Training progress records for both on-the-job training and required related instruction
- 2 Verification of Mary Main's employment termination date
- 3 Any laid off dates and re-start dates during this apprenticeship
- 4 The Monthly Certification forms submitted to the VA reporting the monthly work hours
- 5 Verification that the monthly forms do not include vacation time, sick time, military training, jury duty or other non-paid hours (paid related instruction may be included as work hours)
- 6 Actual wages paid
- 7 A copy of the most recent (the last) pay record provided to the VA

If you have any questions, please contact me by telephone at (123) 456-7890.

Sincerely,

SAA

VA-ONCE CERTIFICATION PROCESS

1. **How to certify using VA-ONCE:** The Education Liaison Representative (ELR) must have a VA form 22-8794 and Memorandum of Understanding on file to set up a username and password for the Certifying Official to use VA-ONCE. Once this is completed and received, the ELR will send via email your username and password to access VA-ONCE. Passwords must be updated regularly to avoid access issues. Once in the site, follow the steps outlined below.

Version P048 of VA-ONCE updates the application, giving Apprenticeship (APP) and On-the-Job-Training (OJT) training facilities the ability to submit Enrollment Certifications (VA Form 22-1999).

Apprenticeship & OJT Program Requirements

Registered Apprenticeship

No apprentice contract can be approved for apprenticeship unless the occupation involved has been approved by the SAA as an apprenticeable occupation. In order for a new occupation to be approved by the SAA as apprenticeable, the occupation must involve the progressive attainment of manual, mechanical or technical skills and knowledge which meets industry standard for that occupation and would require at least 2,000 hours of on-the-job learning to attain; must customarily be learned in a practical way through a structured, systematic program of on-the-job supervised learning; must require that there be related instruction to supplement the on-the-job learning; and is clearly identified and recognized throughout an industry.

SAA will recognize and approve apprenticeship programs registered with the U.S. Department of Labor that are in conformance with <insert State> Rules and Regulations. In order to train apprentices in <insert State>, all programs must have an approved set of Standards. Standards are defined as an organized, written plan representing the terms and conditions of employment, training, and supervision of one or more apprentices. The standards of apprenticeship ensure that apprentices receive uniform training, in so far as possible, and that graduating apprentices develop comparable skills.

OJT (non-apprenticeable)

1. The job is one in which progression and appointment to the next higher classification are based upon skills learned through organized training on the job, and not on length of service and normal turn-over.
2. The training content will qualify the veteran for appointment to the job for which s/he is to be trained.
3. The job customarily requires a training period not less than 6 months and not more than 2 years, fulltime.
4. The length of the training is no longer than customarily required by the training establishment and other training establishments in the community to provide the required skills, arrange for acquiring of job knowledge, technical information, and other facts which the veteran needs in order to become competent on the job being trained.
5. There is adequate space, equipment, instructional material, and instructor personnel to provide satisfactory training on the job and provision is made for related instruction for the individual veteran who may need it.
6. Adequate records consisting of payroll, conduct, and progress on the job, and time spent on the job are kept and made available to the State Approving Agency and the Veterans Administration to review.
7. The veteran is not already qualified by training and experience for the job.
8. Wages to be paid the veteran upon entrance into training are not less than wages paid to non-veterans in the same training position and are at least 50% of the wages paid for the job for which s/he is to be trained, and will be increased in regular periodic increments until, not later than the last full month of the scheduled training period they will be at least 85% of the wages paid for the job for which the veteran is being trained.
